VUB-LEEDS Algebra School

8–12 June 2026 • Brussels, Belgium

Karin Baur

Combinatorial surface models for cluster algebras and cluster categories

Pavel Etingof

Symmetric tensor categories

Christoph Schweigert

Algebraic and categorical structures for modular functors and quantum codes

Markus Szymik

Rack and quandle cohomology

Organizers:
Ilaria Colazzo
Leandro Vendramin

Flanders State of the Art

De Gruyter Brill
