

VUB-LEEDS Algebra School

8–12 June 2026 • Brussels, Belgium

Karin Baur

Combinatorial surface models
for cluster algebras and cluster
categories

Pavel Etingof

Symmetric tensor categories

Christoph Schweigert

Algebraic and categorical
structures for modular functors
and quantum codes

Markus Szymik

Rack and quandle
cohomology

Organizers:

Ilaria Colazzo

Leandro Vendramin

Flanders
State of the Art

Engineering and
Physical Sciences
Research Council
